### Resi Address

BF-125, Sector-1  
(Opp. Swiming Pool)  
Salt Lake City, Cal.64  
Phone : 37-3728

Goutam is the main generating force of the B.E.C.—1969. He is very much fond of 'Adda' from the beginning. He stayed in Downing Hall, 7, 13, 16 and Richardson Hall with Jhankar, Jahar, Ajoy, Binoy, Dipak, Othello, Raja, Subhas and Suresh Advani. Leg pooling is his best entertainment. After graduation he worked in Bandel Power Station for some day, after which he started his own business of manufacturing Conveyor Belts. Within a very short time he could establish the good will of his B.S. Engineering Enterprise. After that his company is running in its own intertia. Gautam used his time and energy for Rotary International, Conveyor Belt Manufacturer pannel etc and now above all B.E.C.—1969. He uses his official infrastructure, stationeries, postage everything for this society. Whenever he travels a place, he mobilises local B.E. College-mates to organise a mini get-together. Gautam is married to Indira, a lady of numerous qualities. She maintain family, looks after Gautam's every comforts, nurishes three small children and plays Sitar excellently. They are proud parents of three lovely children—Sourav (12), Gourav (8) and Kaustav (4). First two boys are studying in class VI and II respectively in Don Bosco, Park Circus. Gautam makes jokes on each and everybody. He spares no friend or anybody of his family.

We are confident that our association will ever remain rigid mainly due to adhesive force of our firends like Gautam.
